books drawn, being much larger than for any similar period since the opening of the library. Owing to the resignation of Miss Jennie M. Huse, former Librarian, the library was closed for about three weeks. The occasion was improved to take account of stock, number of books, etc., which should be done once a year.

We take occasion to remind all that the J. W. Dodge fund and the appropriation by the town, of \$100 to go with it for the purchase of books only, which was made in 1893, has now run out and in order that the library may continue to improve and grow, an appropriation by the town will be needed and we trust the town will be liberal as the library is one of the best means of promoting and diffusing intelligence we have.

We tender hearty thanks to all who have remembered the library by gifts of books and special thanks to all the members of the High School Dramatic Club for their very liberal donation.

We take occasion to again remind the people that this library is for the use of all citizens and that only by being read are books fulfilling their mission to the people.

# Remarks of BOARD of EDUCATION OF TOWN SCHOOL DISTRICT.

---

In reviewing the work accomplished by the schools from year to year, it is gratifying to note the steady improvement.

We have tried hard to secure industrious, competent teachers, who realize the responsibility resting upon them and with one or two exceptions, are well satisfied. It is not necessary however, for us to mention each school or teacher in detail, as no other public servants of the town are annually complimented or discredited by published personal remarks.

We again urge parents to see that their children are constant and punctual in their attendance at school, for what interest can they have in or knowledge will they get of a study when lessons are passed over and never learned? The loss to children in this respect is very great, and when instruction, text books and supplies are all furnished free, it seems incredible that any scholar should be allowed to be absent from school without proper cause. A notable exception to the general rule has been witnessed in the Follansbee District, where only three half-day absences were recorded for nine scholars in twenty-one weeks, every scholar being on the roll of honor during the fall term of 11 weeks.

While our truant officer can compel attendance or

fine parents, we realize that drafted pupils like drafted men are not as good as volunteers.

We advise more pupils to fit themselves for teachers, as the demand for good teachers as well as the salary paid, is constantly increasing.

Our school houses are in better repair than they were one year ago, much needed improvements having been made at East Hill, George Hill, Shakers and Enfield Center.

We believe this money was well expended and hope the citizens know where economy leaves off and ruin begins. We believe every bill against the district has been adjusted and paid.

We urge the voters of the district to visit the schools whenever convenient and attend the next school meeting, which will be held in the Town hall, Mar. 14, 1903, at 2 p. m. Remember that the free school has been in the past and will be in the future the cornerstone of the republic. The scholars of to-day will soon be the people. It is the highest duty of American citizens to educate the rising generation.

Respectfully submitted,

VAL M. CLOUGH,	} School
CARRIE E. CURRIER,	
W. F. HAWLEY.
